UX/UI Designer and AI Prompt Engineer

Creative **UX/UI Designer & AI Prompt Engineer** with over **3 years of experience** in designing websites, mobile applications, and digital products, delivering functional and user-friendly solutions for clients in travel, e-commerce, and services. Proficient in **Figma, WordPress, and Adobe Suite**, with a strong background in SMM and digital marketing.

For the past **1+ year**, I have been actively working with **AI technologies**, specializing in **prompt engineering, chatbot development, API integrations, and MVP prototyping**. Hands-on experience with **ChatGPT, Google VEO3, Gemini, and MidJourney**, applying these tools to enhance design workflows and build AI-powered solutions.

Passionate about combining **design thinking with AI innovation** to create products that are not only visually appealing but also intelligent, scalable, and future-ready. Seeking to contribute my expertise to forward-thinking companies that want to leverage AI in digital product development.

WORK EXPERIENCE

DesignX.Az   08/2025 – Present
UX/UI Designer /AI Specialist   Baku, Azerbaijan

Worked as a UX/UI and AI specialist in a creative studio environment, delivering websites, digital products, and AI-powered solutions for business clients.

Focused on UX/UI design for web platforms, user-centered interfaces, and AI-enhanced features. Contributed to the design and development of web products by integrating AI technologies such as prompt engineering, chatbots, and automation to improve user experience and business efficiency.

Collaborated on product design, UX flows, and implementation of AI-driven functionality within websites and digital platforms.

Fiverr   02/2021 – 08/2025
Freelance UX/UI & Web Designer • **Freelancer**

Designed and developed websites and digital products for clients using Figma, WordPress, and CMS platforms. Focused on creating user-friendly interfaces, responsive layouts, and delivering complete solutions from concept to launch.

Across Azerbaijan   05/2023 – 08/2025
UX/UI Designer • **Full-time**   Baku, Azerbaijan

As a UX/UI designer, I strive to create unique user experiences that combine creative design and functionality. My goal is to improve user experience and increase engagement through innovative design solutions. I have designed prototypes and interfaces to deliver a better product experience for a travel website, ensuring usability and visual appeal.

Simatex United Sdn Bhd   10/2024 – 04/2025
Web developer • **Contractor**   Kuala Lumpur, Malaysia

Designed and developed websites and digital prototypes for business startups in Malaysia, focusing on clear UX, modern UI, and conversion-oriented layouts.

Created wireframes and high-fidelity designs in Figma and implemented web solutions using WordPress and custom HTML/CSS.

Worked with hosting environments and server configurations to deploy, optimize, and maintain websites, ensuring performance, stability, and secure operation.
